PROFILE

I am a qualified and professional java developer with two years of experience in Spring boot. Strong creative and analytical skills. Team player with an eye for detail.

ACHIEVEMENTS

- Implemented Microservices Architecture in the company and moved standalone applications under new architecture.
- Implemented OAuth2 with Spring Boot to enable single-signIn between company's different applications.
- Implemented Docker for deployment of projects. Previously projects were deployed completely manually by transferring files.
- Moved UI from JSP to Angular .

WORK EXPERIENCE

Java Developer

PRP Services PVT LTD   2021-Present
